SUMMER EXHIBITION

Private View: 2 August 2018

Exhibition: 3 August - 1 September 2018

The Concept Space is pleased to present the annual SUMMER EXHIBITION, a showcase of works by various artists selected primarily from invitation and open call. It is part of a continued initiative to open our platform to a broader range of artists as independent spaces in London become scarce combined with our belief that art needs to be experienced.

The exhibition is an opportunity for both national and international artists ranging from new, emerging, mid-career to established practitioners to present their work in such a unique setting and context- A showcase focused on encouraging artists working in various media to explore new ideas, push boundaries and most importantly a real celebration of contemporary art.
